

16 December 2014

From: Dr Mark Schipp

To: Vets Against Live Export

Subject: Concerns re Veterinary Records on High Mortality Voyage 46

Dear Sue

Thank you for the additional comments and questions which will take us some time to consider.

The department will consider the additional information you have provided and we will provide a formal and final response when the review of the information is complete, but I expect this will take some time.

Best wishes,

Mark Schipp

Chief Veterinary Officer (Australia)

OIE Delegate (Australia)

Subject: Concerns re Veterinary Records on High Mortality Voyage 46

Dear Mark,

VALE wrote to you on 16th December 2014 but have still had no response to this letter. You did mention it would take some time but 7.5 weeks has elapsed and there has been no further comment.

Could you let us know when we might anticipate a response? The correspondence raises very serious issues.

Yours sincerely

Sue

Subject: Concerns re Veterinary Records on High Mortality Voyage 46

Dear Mark,

VALE has had no response to our letter from 16th December 2014 or our email from 6th March 2015. Would it be possible to have the communication from the 6th March 2015 acknowledged so we can confirm it was actually received?

Yours sincerely

Sue Foster (Spokesperson)
